

The Case of the Comet Crook

Grade 4 math · Rounding, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ **Date:** _____

Someone snuck aboard Orbit-9 and grabbed the Station Captain right out of the control room. The alarm bells are still ringing, and twenty-four pilots are docked at the rings. Only one of them is the Comet Crook, and you must find out who.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Comet Crook is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$27 \div 9 = \boxed{}$

$110 \div 10 = \boxed{}$

$77 \div 11 = \boxed{}$

$18 \div 2 = \boxed{}$

$25 \div 5 = \boxed{}$

$10 \div 10 = \boxed{}$

$24 \div 4 = \boxed{}$

$24 \div 2 = \boxed{}$

$14 \div 7 = \boxed{}$

$32 \div 8 = \boxed{}$

$20 \div 2 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain blasts the door locks, then hides behind a force shield.
2. The villain zooms in fast and quiet, then calls in a swarm of drones.
3. The villain backs up to the cargo bay, then scrambles the alarm wires.
4. The villain zooms in fast and quiet, then vanishes behind a cloaking field.
5. The villain backs up to the cargo bay, then yanks the captain with a tractor beam.
6. The villain blasts the door locks, then vanishes behind a cloaking field.
7. The villain backs up to the cargo bay, then hides behind a force shield.
8. The villain blasts the door locks, then yanks the captain with a tractor beam.
9. The villain blasts the door locks, then calls in a swarm of drones.
10. The villain backs up to the cargo bay, then calls in a swarm of drones.
11. The villain drills through the outer wall, then yanks the captain with a tractor beam.
12. The villain drills through the outer wall, then calls in a swarm of drones.
