

The Case of the Golden Monkey Statue

Grade 3 math · Multiplication, Word problems, Rounding, Addition, Division · Reading level grades 3-4

Detective: _____ Date: _____

The Whispering Jungle Ruins are full of secrets. But last night, someone sneaked into the Temple of Vines! They snatched the legendary Golden Monkey Statue. The Head Archeologist needs your help. Look for clues, track down the sneaky scavenger, and save the treasure!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the The Sneaky Scavenger is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 1
Multiplication facts (1-12)

We found the rival camp. They packed their heavy crates in neat rows. Multiply the rows of crates to find how many supplies they brought.

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 3 Rounding

Our radar screen is old and rusty. It only shows distances rounded to the nearest ten. Round the numbers to find the path.

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 5**Division facts (1-12) - the last clue**

We need to share our water bottles equally among our rescue team. Divide the bottles to keep everyone hydrated.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$72 \div 8 = \boxed{}$

$36 \div 6 = \boxed{}$

$7 \div 1 = \boxed{}$

$24 \div 2 = \boxed{}$

$12 \div 4 = \boxed{}$

$70 \div 7 = \boxed{}$

$72 \div 9 = \boxed{}$

$55 \div 5 = \boxed{}$

$18 \div 9 = \boxed{}$

$25 \div 5 = \boxed{}$

$8 \div 2 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain swung across the canyon, then searched the faraway cliffs.
2. The villain spotted the secret entrance, then called their sneaky partner.
3. The villain spotted the secret entrance, then searched the faraway cliffs.
4. The villain swung across the canyon, then took a quick sip of water.
5. The villain solved the ancient wall code, then called their sneaky partner.
6. The villain distracted the temple guards, then searched the faraway cliffs.
7. The villain distracted the temple guards, then took a quick sip of water.
8. The villain spotted the secret entrance, then lit up the dark tunnel.
9. The villain swung across the canyon, then lit up the dark tunnel.
10. The villain cleared the thick vines, then searched the faraway cliffs.
11. The villain solved the ancient wall code, then checked the map direction.
12. The villain distracted the temple guards, then called their sneaky partner.
