Grade 1 math · Addition, Subtraction, Skip counting, Place value, Missing addends · Reading level grades 1-2

Detective: _____ Date: _____

Oh no! Someone drew all over the art room walls and hid the gold star trophy! We must find the Sneaky Artist. Grab your sketchbooks, kids! Let us solve this mystery.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Sneaky Artist is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Missing addends - the last clue**

We need twelve colorful chalks for our drawing but we only have eight. How many more do we need to solve the final clue.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$8 + \underline{\quad} = 10$

$7 + \underline{\quad} = 15$

$6 + \underline{\quad} = 7$

$3 + \underline{\quad} = 9$

$1 + \underline{\quad} = 4$

$3 + \underline{\quad} = 12$

$3 + \underline{\quad} = 8$

$4 + \underline{\quad} = 11$

$5 + \underline{\quad} = 16$

$10 + \underline{\quad} = 22$

$5 + \underline{\quad} = 15$

Step 2 - cross out the sentence with each answer:

1. The villain draws a giant monster on the wall, then smudges with dark charcoal.
2. The villain doodles a tiny insect on the paper, then smudges with dark charcoal.
3. The villain sketches a super hero on the desk, then sparkles with gold foil.
4. The villain draws a giant monster on the wall, then shines with glitter paint.
5. The villain paints a messy splash on the floor, then dusts the floor with white chalk.
6. The villain draws a giant monster on the wall, then sparkles with gold foil.
7. The villain colors a magic portal on the door, then smudges with dark charcoal.
8. The villain sketches a super hero on the desk, then smudges with dark charcoal.
9. The villain paints a messy splash on the floor, then smudges with dark charcoal.
10. The villain colors a magic portal on the door, then shines with glitter paint.
11. The villain colors a magic portal on the door, then glows with neon ink.
12. The villain paints a messy splash on the floor, then glows with neon ink.
