Grade 3 math · Rounding, Word problems, Addition, Subtraction, Division · Reading level grades 3-4

Detective: _____ Date: _____

A giant meteor fragment, the pride of the Mesozoic Museum, has vanished overnight! Its special glow is gone. Lead detective Rex is on the case, but he needs your help to piece together the clues and find the dino-napper.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the dino-napper is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

The museum has a special scanner that can detect residual energy. It showed the fragment's energy was spread among several locations, and the guards need to know how much energy is at each spot.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$77 \div 11 = \boxed{}$

$88 \div 8 = \boxed{}$

$80 \div 8 = \boxed{}$

$48 \div 6 = \boxed{}$

$12 \div 1 = \boxed{}$

$2 \div 2 = \boxed{}$

$21 \div 7 = \boxed{}$

$32 \div 8 = \boxed{}$

$25 \div 5 = \boxed{}$

$54 \div 9 = \boxed{}$

$81 \div 9 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain borrowed, then scrambled away.
2. The villain borrowed, then vanished.
3. The villain tricked, then disappeared.
4. The villain sneaked, then fled.
5. The villain borrowed, then disappeared.
6. The villain sneaked, then disappeared.
7. The villain sneaked, then vanished.
8. The villain stole, then vanished.
9. The villain borrowed, then sprinted off.
10. The villain sneaked, then sprinted off.
11. The villain tricked, then vanished.
12. The villain robbed, then scrambled away.
