

The Case of the Missing Tiara

Grade 1 math · Addition, Skip counting, Subtraction, Rounding, Missing addends · Reading level grades 1-2

Detective: _____ Date: _____

Someone took the sparkling tiara right before the grand dance! The royal court is in a panic. We must follow the clues to find the sneaky thief!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Tiara Thief is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 1 Addition

A royal helper counts the lost crowns. She adds the small crowns and the large crowns to find the total.

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 5**Missing addends - the last clue**

We need ten magic roses to open the gate. We have some roses but must find how many more we need.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$3 + \underline{\quad} = 15$

$1 + \underline{\quad} = 2$

$6 + \underline{\quad} = 12$

$3 + \underline{\quad} = 10$

$2 + \underline{\quad} = 11$

$9 + \underline{\quad} = 14$

$4 + \underline{\quad} = 14$

$5 + \underline{\quad} = 13$

$1 + \underline{\quad} = 3$

$8 + \underline{\quad} = 19$

$5 + \underline{\quad} = 8$

Step 2 - cross out the sentence with each answer:

1. The villain lifts a heavy carriage, then knocks down a target with a bow.
2. The villain freezes the floor, then knocks down a target with a bow.
3. The villain sings to the birds, then leaves behind warm berry pies.
4. The villain lights up the dark room, then knocks down a target with a bow.
5. The villain sings to the birds, then drops a dusty old scroll.
6. The villain freezes the floor, then swings away on a leafy rope.
7. The villain freezes the floor, then leaves behind warm berry pies.
8. The villain splashes warm sea water, then swings away on a leafy rope.
9. The villain sings to the birds, then knocks down a target with a bow.
10. The villain splashes warm sea water, then leaves behind warm berry pies.
11. The villain lights up the dark room, then swings away on a leafy rope.
12. The villain sings to the birds, then paints a flower on the wall.
