Grade 3 math · Rounding, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ **Date:** _____

The World Cup final is tonight! But right before kickoff, someone stole the gold trophy! The Head Referee is in a panic. The thief ran across the pitch, leaving behind a trail of clues. It is up to you to solve the mystery and save the big game!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Trophy Thief is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

We have a pile of shiny practice cones. If we share them equally among the five training drills, we will reveal the final clue!

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$80 \div 8 = \boxed{}$

$25 \div 5 = \boxed{}$

$9 \div 1 = \boxed{}$

$8 \div 1 = \boxed{}$

$60 \div 10 = \boxed{}$

$7 \div 7 = \boxed{}$

$16 \div 8 = \boxed{}$

$28 \div 4 = \boxed{}$

$110 \div 10 = \boxed{}$

$9 \div 3 = \boxed{}$

$20 \div 5 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain does a bicycle kick, then taps their smart watch.
2. The villain performs a super save, then taps their smart watch.
3. The villain does a bicycle kick, then sips from their water jug.
4. The villain runs a speed dribble, then adjusts their neon headband.
5. The villain shoots a curving free kick, then sips from their water jug.
6. The villain does a bicycle kick, then pulls up their lucky socks.
7. The villain shoots a curving free kick, then flashes their golden boots.
8. The villain runs a speed dribble, then pulls up their lucky socks.
9. The villain makes a power header, then flashes their golden boots.
10. The villain runs a speed dribble, then sips from their water jug.
11. The villain does a bicycle kick, then flashes their golden boots.
12. The villain makes a power header, then adjusts their neon headband.
