

The Case of the Stolen World Cup

Grade 4 math · Rounding, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ **Date:** _____

Just before the final whistle, the golden World Cup trophy vanished from its stand at the center of the field. The crowd gasped, the lights flickered, and muddy boot prints led straight to the locker tunnel. Someone fast and sneaky grabbed it, and only smart detective work can track the Pitch Bandit down.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Pitch Bandit is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

The team's orange slices had to be shared evenly among the players. Divide them up fairly to reveal the final clue.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$70 \div 10 = \boxed{}$

$72 \div 12 = \boxed{}$

$12 \div 12 = \boxed{}$

$18 \div 6 = \boxed{}$

$60 \div 12 = \boxed{}$

$40 \div 4 = \boxed{}$

$6 \div 3 = \boxed{}$

$144 \div 12 = \boxed{}$

$12 \div 3 = \boxed{}$

$121 \div 11 = \boxed{}$

$32 \div 4 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain sprints down the sideline, then flicks a rainbow over defenders.
2. The villain sprints down the sideline, then scores with a diving header.
3. The villain races through the middle, then pulls off a bicycle kick.
4. The villain races through the middle, then flicks a rainbow over defenders.
5. The villain dives across the goal, then bends a curling free kick.
6. The villain races through the middle, then slips a sneaky nutmeg through the legs.
7. The villain blocks every tackle, then bends a curling free kick.
8. The villain blocks every tackle, then flicks a rainbow over defenders.
9. The villain blasts shots past the keeper, then bends a curling free kick.
10. The villain sprints down the sideline, then slips a sneaky nutmeg through the legs.
11. The villain dives across the goal, then flicks a rainbow over defenders.
12. The villain dives across the goal, then pulls off a bicycle kick.
