

The Championship Trophy Heist

Grade 7 math · Integers, Percentages, Order of operations, Exponents, Two-step equations · Reading level grades 7-9

Detective: _____ **Date:** _____

The golden MVP Trophy has vanished from the arena lobby display case right before the tip-off of the championship game! A cheeky note left behind suggests one of the All-Star players pulled off the heist to secure their own glory. Security has locked down the court, and we have a roster of suspects. We need to crack the math clues left behind to unmask the Hoop Bandit before the final buzzer sounds.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Hoop Bandit is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 1 Integers

To find the first clue, we examine the arena's scoreboard logs, which track score changes as positive and negative integers during the chaotic blackout.

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 2 Percentages

For the second clue, the assistant coach analyzes the players' field-goal percentages from the warm-up drills recorded on the stat sheet.

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 3 Order of operations

To unlock the third clue, we must calculate the complex tournament seeding formula, carefully following the correct order of operations.

Solve each problem, then write its letter in every clue box that shows the same number.

T									T							
117	61	89	59	12	49	120	52	117	50	8	51	59	19	89	72

CLUE 4

The fourth clue is hidden inside a secure digital locker, requiring a passcode equal to the exponential growth rate of the tournament's viral video views.

Solve each problem, then write its letter in every clue box that shows the same number.

Diagram illustrating the merging of sorted arrays into a new array. The top row shows the initial arrays, and the bottom row shows the merged array. The element 128 is highlighted in orange in the original image.

Initial arrays (top row):

CLUE 5**Two-step equations - the last clue**

For the final clue, the referee sets up a two-step equation to balance the total weight of the basketballs and the team equipment bags.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$6x + 3 = 69, x = \boxed{}$

$5x + 12 = 37, x = \boxed{}$

$5x + 7 = 57, x = \boxed{}$

$6x + 7 = 55, x = \boxed{}$

$5x + 2 = 22, x = \boxed{}$

$6x + 4 = 22, x = \boxed{}$

$4x + 2 = 30, x = \boxed{}$

$5x + 11 = 56, x = \boxed{}$

$3x + 7 = 43, x = \boxed{}$

$5x + 5 = 15, x = \boxed{}$

$3x + 9 = 12, x = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain fakes a step-back three, then adjusts their gold arm sleeve.
2. The villain throws a flashy no-look pass, then scuffs their red high-top shoes.
3. The villain breaks ankles with a crossover dribble, then adjusts their gold arm sleeve.
4. The villain racks the rim with a windmill dunk, then flashes their neon green sneakers.
5. The villain breaks ankles with a crossover dribble, then tightens their black headband.
6. The villain throws a flashy no-look pass, then flashes their neon green sneakers.
7. The villain throws a flashy no-look pass, then adjusts their gold arm sleeve.
8. The villain fakes a step-back three, then tightens their black headband.
9. The villain fakes a step-back three, then wraps their patterned grip tape.
10. The villain throws a flashy no-look pass, then wraps their patterned grip tape.
11. The villain throws a flashy no-look pass, then tightens their black headband.
12. The villain glides past defenders with a euro-step layup, then wraps their patterned grip tape.
