Grade 2 math · Addition, Place value, Subtraction, Skip counting, Missing addends · Reading level grades 3-4

Detective: _____ Date: _____

Someone broke into Astro-Dome Alpha and stole the golden hyper-drive engine! The Chief Rocket Engineer needs the Star Patrol to crack the clues and catch the Cosmic Bandit before they escape the orbit.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Cosmic Bandit is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Missing addends - the last clue**

The fuel scale must balance to exactly one hundred units. Solving for the missing amount unlocks the final data.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$2 + \underline{\quad} = 6$

$6 + \underline{\quad} = 11$

$7 + \underline{\quad} = 9$

$9 + \underline{\quad} = 10$

$6 + \underline{\quad} = 9$

$1 + \underline{\quad} = 13$

$7 + \underline{\quad} = 18$

$9 + \underline{\quad} = 15$

$4 + \underline{\quad} = 14$

$4 + \underline{\quad} = 12$

$4 + \underline{\quad} = 11$

Step 2 - cross out the sentence with each answer:

1. The villain unlocked the cargo bay, then pocketed the glowing fuel core.
2. The villain sneaked through the airlock, then swiped the golden hyperdrive.
3. The villain hacked the mainframe computer, then grabbed the secret plans.
4. The villain sneaked through the airlock, then grabbed the secret plans.
5. The villain zoomed past the satellite, then swiped the golden hyperdrive.
6. The villain bypassed the laser grid, then snatched the flight codes.
7. The villain hacked the mainframe computer, then snatched the flight codes.
8. The villain unlocked the cargo bay, then snatched the flight codes.
9. The villain bypassed the laser grid, then swiped the golden hyperdrive.
10. The villain bypassed the laser grid, then grabbed the secret plans.
11. The villain sneaked through the airlock, then snatched the flight codes.
12. The villain sneaked through the airlock, then pocketed the glowing fuel core.
