

The Great Backyard Map Hunt

Grade 2 math · Addition, Subtraction, Place value, Skip counting, Missing addends · Reading level grades 1-2

Detective: _____ Date: _____

Oh no! Someone snuck into the secret treehouse and took the golden map. We need to follow the trail and find the Map Snatcher before lunch!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Map Snatcher is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 1 **Addition**

We counted the blue flags on the fort. Then we added the yellow flags to find the total. Our math helped us read the first clue!

CLUE 5**Missing addends - the last clue**

We need eight shiny coins to open the club box. We have five. We figured out how many more we need and got the final clue!

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$4 + \underline{\quad} = 13$

$5 + \underline{\quad} = 6$

$7 + \underline{\quad} = 14$

$3 + \underline{\quad} = 7$

$10 + \underline{\quad} = 15$

$10 + \underline{\quad} = 20$

$7 + \underline{\quad} = 9$

$7 + \underline{\quad} = 15$

$5 + \underline{\quad} = 8$

$6 + \underline{\quad} = 17$

$8 + \underline{\quad} = 20$

Step 2 - cross out the sentence with each answer:

1. The villain climbs up the rope ladder, then looks through the toy binoculars.
2. The villain crawls along the tree branch, then taps the spy watch.
3. The villain leaps off the tire swing, then taps the spy watch.
4. The villain swings on the jungle vine, then polishes the secret badge.
5. The villain runs across the wooden plank, then whispers into the walkie talkie.
6. The villain leaps off the tire swing, then looks through the toy binoculars.
7. The villain runs across the wooden plank, then checks the shiny compass.
8. The villain crawls along the tree branch, then whispers into the walkie talkie.
9. The villain climbs up the rope ladder, then checks the shiny compass.
10. The villain swings on the jungle vine, then taps the spy watch.
11. The villain runs across the wooden plank, then looks through the toy binoculars.
12. The villain swings on the jungle vine, then checks the shiny compass.
