The thief left behind a trail of feathers and spilled gravy. The Acorn Patrol needs your help to crack the case, track down the rogue turkey, and save Thanksgiving!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Feast Bandit is _____

Possible suspects

CLUE 5**Division facts (1-12) - the last clue**

A flock of helper chicks found some dropped berries. They want to share them equally among themselves. We need to divide to see how many each chick gets.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$21 \div 3 = \boxed{}$

$63 \div 7 = \boxed{}$

$30 \div 10 = \boxed{}$

$24 \div 3 = \boxed{}$

$10 \div 2 = \boxed{}$

$108 \div 9 = \boxed{}$

$2 \div 2 = \boxed{}$

$20 \div 10 = \boxed{}$

$88 \div 8 = \boxed{}$

$18 \div 3 = \boxed{}$

$40 \div 10 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain slides away using a fast gravy glide, then sails through the air on a feathery glider.
2. The villain fires sticky cranberry cannon goop, then taps on the floor with acorn armor.
3. The villain slides away using a fast gravy glide, then shoots red mist from a berry blaster.
4. The villain swings from the rafters with a wishbone whip, then shoots red mist from a berry blaster.
5. The villain slides away using a fast gravy glide, then taps on the floor with acorn armor.
6. The villain fires sticky cranberry cannon goop, then sails through the air on a feathery glider.
7. The villain throws a smoky pumpkin bomb, then runs off in heavy maple shoes.
8. The villain fires sticky cranberry cannon goop, then runs off in heavy maple shoes.
9. The villain throws a smoky pumpkin bomb, then zips past in a corn husk cape.
10. The villain fires sticky cranberry cannon goop, then zips past in a corn husk cape.
