Detective: _____ **Date:** _____

The big game is tonight! But someone stole the Sparkle Trophy from the arena lockbox. Help Coach Horn find the Sneaky Dunker before tip-off!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Sneaky Dunker is _____

Possible suspects

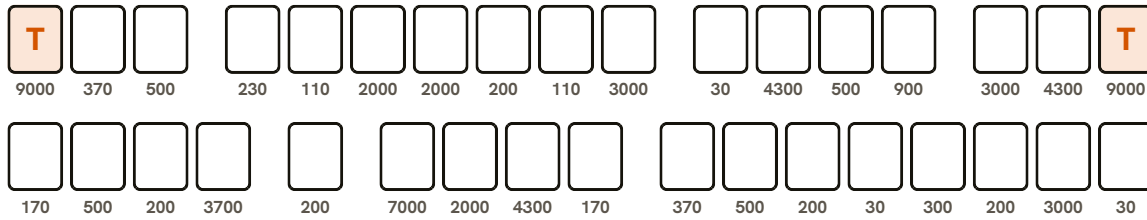

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

We split the magical sports drinks into even groups. See how they share to find the final clue.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$55 \div 11 = \square$

$88 \div 11 = \square$

$121 \div 11 = \square$

$6 \div 1 = \square$

$12 \div 1 = \square$

$4 \div 4 = \square$

$12 \div 4 = \square$

$7 \div 1 = \square$

$8 \div 4 = \square$

$40 \div 10 = \square$

$50 \div 5 = \square$

Step 2 - cross out the sentence with each answer:

1. The villain throws a swift rainbow pass, then squeaks their shiny gold shoes.
2. The villain leaps for a giant glitter block, then lights up their glow headband.
3. The villain teleport dunks over the net, then flies high in wing sneakers.
4. The villain teleport dunks over the net, then squeaks their shiny gold shoes.
5. The villain throws a swift rainbow pass, then pulls up their fuzzy pink socks.
6. The villain shoots a magical horn shot, then lights up their glow headband.
7. The villain shoots a magical horn shot, then flashes their bright star jersey.
