

The Great Squeaky Bone Heist

Grade 4 math · Multiplication, Rounding, Fractions of a number, Addition, Division · Reading level grades 3-4

Detective: _____ Date: _____

Someone swiped the Golden Squeaky Bone from the Bark City Toy Museum! The suspect left muddy paw prints and chew marks all over the crime scene. We need to find which pup did it!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Sneaky Pup is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

We found a pile of stolen dog biscuits that must be split equally among our detective pups.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$99 \div 9 = \boxed{}$

$35 \div 5 = \boxed{}$

$25 \div 5 = \boxed{}$

$33 \div 11 = \boxed{}$

$24 \div 3 = \boxed{}$

$24 \div 12 = \boxed{}$

$90 \div 9 = \boxed{}$

$4 \div 1 = \boxed{}$

$81 \div 9 = \boxed{}$

$66 \div 11 = \boxed{}$

$7 \div 7 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain shattered the glass display with a sonic bark, then zipped away using a grappling leash.
2. The villain jumped over the high security fence, then zipped away using a grappling leash.
3. The villain jumped over the high security fence, then blocked the laser grid with a flying disc shield.
4. The villain blended into the lobby rug, then blocked the laser grid with a flying disc shield.
5. The villain shattered the glass display with a sonic bark, then sneaked past the guards in squeaky booties.
6. The villain tunneled under the museum floor, then zipped away using a grappling leash.
7. The villain blended into the lobby rug, then zipped away using a grappling leash.
8. The villain blended into the lobby rug, then used a glowing collar to light the dark hallway.
9. The villain dashed past the cameras to fetch the prize, then escaped while munching treats from a snack pack.
