

The Great Trophy Swap

Grade 4 math · Multiplication, Rounding, Addition, Subtraction, Division · Reading level grades 3-4

Detective: _____ Date: _____

The biggest event of the year is ruined! Just before the final floor routines, the glittering championship trophy was replaced with a heavy plastic replica. The culprit left chalky footprints leading straight to the locker rooms. We must act fast to crack the codes, analyze the evidence, and rescue the real trophy before the closing ceremony!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Gold Medal Snatcher is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

Multiplication facts (1-12)

We find a gym bag with rows of identical grip rollers. If we multiply the rows by the rollers in each row, we can open the bag's lock and find a clue!

Solve each problem, then write its letter in every clue box that shows the same number.

CLUE 5**Division facts (1-12) - the last clue**

We have a pile of shiny hair clips to distribute equally among the gymnastics teams. Splitting them into equal groups tells us which lockers to search!

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$36 \div 9 = \boxed{}$

$24 \div 3 = \boxed{}$

$66 \div 6 = \boxed{}$

$27 \div 3 = \boxed{}$

$3 \div 1 = \boxed{}$

$49 \div 7 = \boxed{}$

$6 \div 6 = \boxed{}$

$25 \div 5 = \boxed{}$

$132 \div 11 = \boxed{}$

$6 \div 3 = \boxed{}$

$42 \div 7 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain swung high off the uneven bars, then zipped up a pink grip bag.
2. The villain bounced high on the trampoline, then sprayed a cloud of glitter hairspray.
3. The villain swung high off the uneven bars, then spilled a sticky chalk belt.
4. The villain leaped off the vaulting horse, then adjusted a pair of thick wrist guards.
5. The villain balanced perfectly on the high beam, then spilled a sticky chalk belt.
6. The villain balanced perfectly on the high beam, then sprayed a cloud of glitter hairspray.
7. The villain swung high off the uneven bars, then sprayed a cloud of glitter hairspray.
