

The Mystery of the Golden Banana

Grade 3 math · Rounding, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ Date: _____

The Golden Banana has disappeared from the Treehouse Camp! The camp leader is shocked. Only the Shadow Sneak could have cracked the ancient jungle vault. Grab your gear, because we have a mystery to solve!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Shadow Sneak is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

We found a bag of glowing trail markers. Divide them evenly among the team members to light our way.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$11 \div 11 = \square$

$63 \div 7 = \square$

$60 \div 10 = \square$

$30 \div 3 = \square$

$77 \div 7 = \square$

$20 \div 10 = \square$

$32 \div 8 = \square$

$10 \div 2 = \square$

$132 \div 11 = \square$

$88 \div 11 = \square$

$77 \div 11 = \square$

Step 2 - cross out the sentence with each answer:

1. The villain scouted the camp with an explorer scope, then shuffled away while wearing a tiger badge.
2. The villain swung across the canyon with a grapevine whip, then slithered through the brush wearing a snake badge.
3. The villain swung across the canyon with a grapevine whip, then shuffled away while wearing a tiger badge.
4. The villain zoomed through the trees using a rope launcher, then dashed past the tents wearing a parrot badge.
5. The villain tracked the path with a mapping tablet, then hopped over the logs wearing a monkey badge.
6. The villain scouted the camp with an explorer scope, then leaped over the puddle wearing a frog badge.
