Grade 2 math · Addition, Subtraction, Place value, Skip counting, Missing addends · Reading level grades 1-2

Detective: _____ Date: _____

Someone took the golden map from the camp cabin! We need to find the Snack Thief before sunset. Follow the clues to save the day!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Snack Thief is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Missing addends - the last clue**

We need eight gold coins to cross the bridge. We only have five coins. How many more do we need to find?

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$10 + \underline{\quad} = 12$

$7 + \underline{\quad} = 11$

$5 + \underline{\quad} = 16$

$2 + \underline{\quad} = 12$

$5 + \underline{\quad} = 17$

$8 + \underline{\quad} = 9$

$3 + \underline{\quad} = 8$

$5 + \underline{\quad} = 14$

$2 + \underline{\quad} = 5$

$6 + \underline{\quad} = 13$

$4 + \underline{\quad} = 12$

Step 2 - cross out the sentence with each answer:

1. The villain climbs the tallest jungle trees, then jumps over the high bushes.
2. The villain reads the secret map, then talks to the jungle birds.
3. The villain climbs the tallest jungle trees, then sees in the dark.
4. The villain reads the secret map, then sees in the dark.
5. The villain swings on wild vines, then makes a huge water splash.
6. The villain runs fast down the trail, then sees in the dark.
7. The villain reads the secret map, then makes a huge water splash.
8. The villain whistles a loud song, then makes a huge water splash.
9. The villain reads the secret map, then throws a messy berry blast.
10. The villain swings on wild vines, then talks to the jungle birds.
11. The villain climbs the tallest jungle trees, then talks to the jungle birds.
