Detective: _____ **Date:** _____

The Chief Explorer's golden compass has vanished from the jungle camp! The Jungle Bandit sneaked in under the cover of night. Now, we must search the ancient ruins and track down the culprit.

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the The Jungle Bandit is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Two-step equations - the last clue**

A locked supply chest has a puzzle. We must double our gold coins and then add five to find the code.

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$2x + 7 = 9, x = \boxed{}$

$4x + 3 = 35, x = \boxed{}$

$2x + 7 = 11, x = \boxed{}$

$3x + 9 = 27, x = \boxed{}$

$4x + 5 = 17, x = \boxed{}$

$6x + 4 = 76, x = \boxed{}$

$5x + 9 = 64, x = \boxed{}$

$3x + 2 = 29, x = \boxed{}$

$4x + 3 = 31, x = \boxed{}$

$4x + 2 = 22, x = \boxed{}$

$4x + 12 = 52, x = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain paddles down the rushing river, then lights a bright wooden torch.
2. The villain climbs up the slippery cliff, then hides in the thick green ferns.
3. The villain swings across the deep canyon, then builds a bridge over the mud.
4. The villain dives into the glowing blue cave, then whispers to the sleepy monkeys.
5. The villain climbs up the slippery cliff, then lights a bright wooden torch.
6. The villain follows the dusty trail map, then ties a double knot on the tent.
7. The villain dives into the glowing blue cave, then builds a bridge over the mud.
8. The villain paddles down the rushing river, then hides in the thick green ferns.
