Grade 3 math · Rounding, Addition, Subtraction, Multiplication, Division · Reading level grades 3-4

Detective: _____ **Date:** _____

Someone has stolen the Golden Sunstone from the floating temple! Without it, the clouds will sink and the islands will fall. The Chief Cloud Keeper needs your help. Look for clues, solve the puzzles, and help the Sky Patrol catch the bandit before sunset!

1. Solve each math problem. The answer is a number, and the letter beside it is what that number stands for.
2. In the clue boxes, write that letter in every box showing the same number, then read the secret clue.
3. Use each clue to cross suspects off the list. The one suspect left at the end is the culprit!

My answer: the Sky Bandit is _____

Possible suspects

Cross off a row as each clue rules it out. The one left at the end is the culprit.

CLUE 5**Division facts (1-12) - the last clue**

The rescue team needs to split the recovered energy cells evenly. Divide the cells among the crew to get the final clue!

First solve each problem. Then find each answer in the numbered list below and cross that sentence out. One sentence will be left - that is exactly what the villain did!

Step 1 - solve these:

$32 \div 4 = \boxed{}$

$12 \div 6 = \boxed{}$

$36 \div 12 = \boxed{}$

$9 \div 9 = \boxed{}$

$60 \div 5 = \boxed{}$

$6 \div 1 = \boxed{}$

$28 \div 4 = \boxed{}$

$15 \div 3 = \boxed{}$

$90 \div 9 = \boxed{}$

$55 \div 5 = \boxed{}$

$90 \div 10 = \boxed{}$

Step 2 - cross out the sentence with each answer:

1. The villain swung on a grappling hook, then unrolled the copper map.
2. The villain soared on glider wings, then peered through the bronze spyglass.
3. The villain swung on a grappling hook, then blew the silver whistle.
4. The villain soared on glider wings, then lit up the ruby lantern.
5. The villain blasted a wind blower, then lit up the ruby lantern.
6. The villain soared on glider wings, then blew the silver whistle.
7. The villain tossed a smoke bomb, then unrolled the copper map.
8. The villain tossed a smoke bomb, then peered through the bronze spyglass.
9. The villain tossed a smoke bomb, then followed the gold compass.
10. The villain swung on a grappling hook, then lit up the ruby lantern.
11. The villain tossed a smoke bomb, then blew the silver whistle.
12. The villain blasted a wind blower, then peered through the bronze spyglass.
